

Tower City Bridge Construction

Project Overview

The project includes the following improvements will take place on Huron Road, Prospect Avenue, W. 6th Street, W. 3rd Street and W. 2nd Street :

- Bridge joint replacement
- Bridge deck resurfacing and sealing
- Sidewalk replacement

Throughout the duration of the project there will be necessary closures and restrictions in the area. Sidewalks will be open to pedestrians outside of the construction zones.

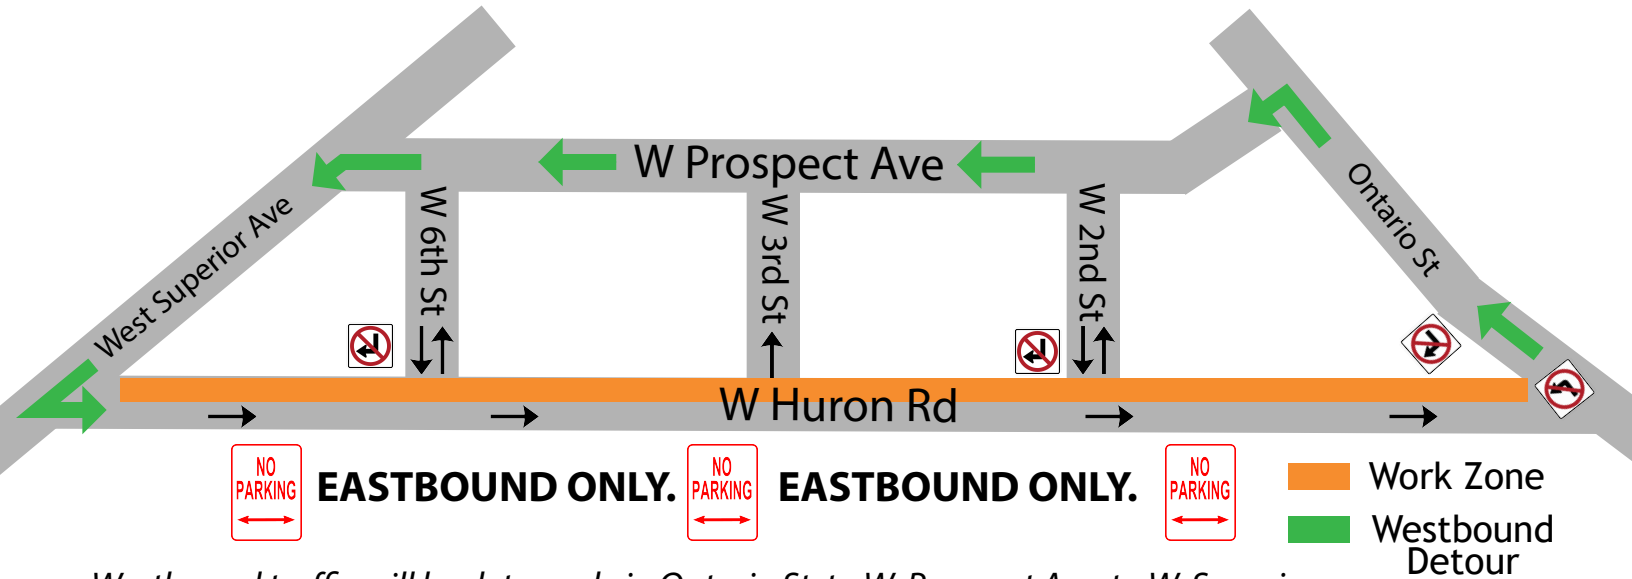

You can stay in touch by visiting transportation.ohio.gov and clicking the red envelope in the top right corner to sign-up for email updates directly to your inbox. Be sure to sign-up for the Downtown Cleveland list.

The project was awarded to Great Lakes Construction company for \$13,990,873 and work is expected to be complete in fall 2020.

2019 Traffic Impacts

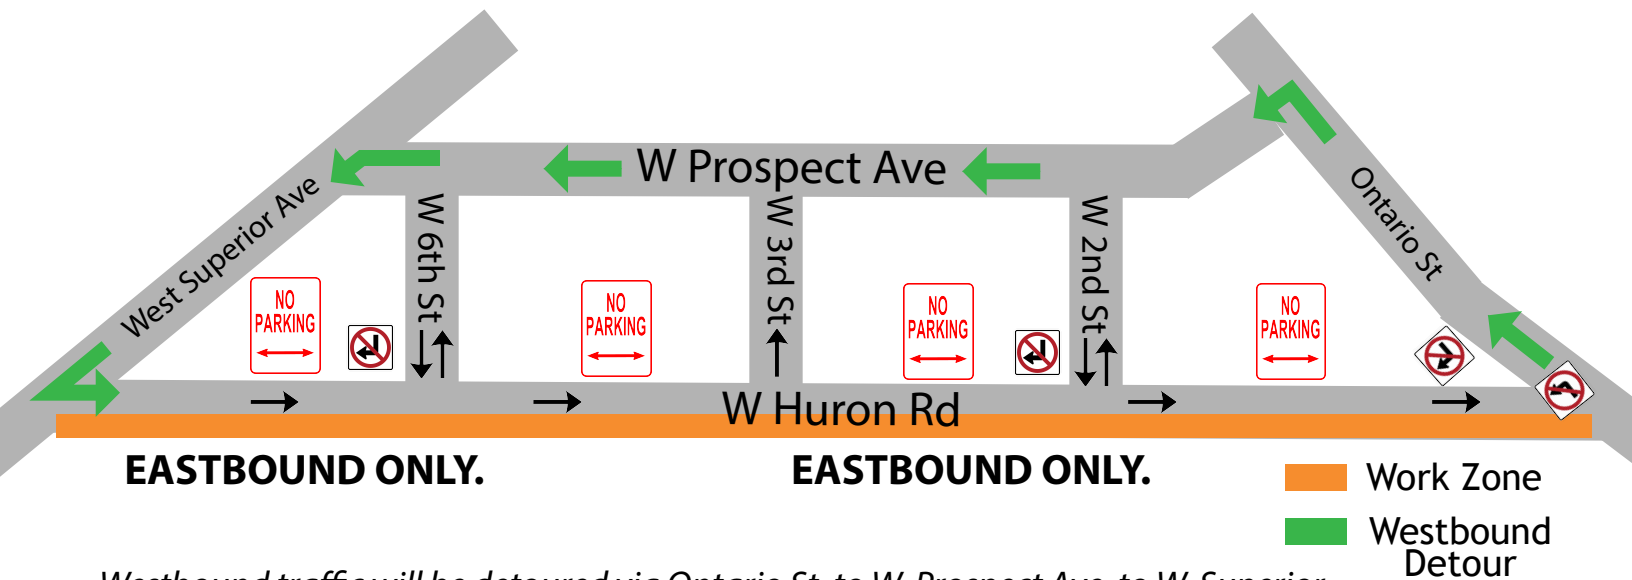

Work will take place late-February thru October 2019 and traffic on West Huron Road will be restricted to **EASTBOUND ONLY**. The configuration on West Huron Road and the detour for westbound traffic will be as follows...

Phase 1: Late-February through Late-June 2019

Westbound traffic will be detoured via Ontario St. to W. Prospect Ave. to W. Superior Ave. to access W. Huron Rd.

Phase 2: Late-June 2019 through Late-October 2019

Westbound traffic will be detoured via Ontario St. to W. Prospect Ave. to W. Superior Ave. to access W. Huron Rd.

*Work on West Prospect Ave. will occur in 2020.
